

6 July 2013

**Letter of Invitation (LoI)**

(Project Number: ADB GRNT 43279)

The Department of Agriculture as an Implementing Agency for Asian Development Bank (ADB) administrated grant of Japan Fund for Poverty Reduction (JFPR) has a budget provision from **JFPR 9146-BHU: Farm Roads to Support Poor Farmers' Livelihoods Project** and intends to apply part of the proceeds for the procurement of consultancy services for Endline Survey to measure the impacts of the project in general and the following farm roads specifically:

1. Phepari - Thungkhar Farm Road (14.54 km), Trashigang Dzongkhag and
2. Jungley- Bongo- Phatshuma Farm Road (11.72 km), Chhukha Dzongkhag.

The endline survey consultant is expected to develop household and community questionnaires appropriate for quantitative impact evaluation, and implement the survey in the field. The endline survey should, therefore, be designed to capture not only project outputs and outcomes but also impacts/final welfare outcomes. The consultant is also expected to produce a endline survey report.

The Department of Agriculture invites eligible consulting firms to indicate their interest in providing the services. Interested consultants must provide information in the EOI form indicating that they are qualified to perform the services. Consultants may associate to enhance their qualifications.

The selection process of a consultant shall be in accordance with the procedures set out in the ADB's Guidelines on the Use of Consultants by ADB and its Borrowers using Consultant Qualification Selection (CQS) procedures.

The detailed TOR and EOI form can be collected from the below address during office hours. Your Expression of Interest must be delivered to the address below latest by **5 August, 2013** not later than 3:00 pm.
